LED DRIVERS

CATALOG NO.

PR-MONO-72-10K

RF driver with a touch remote control for mono-color strips. It enables smooth adjustment of light brightness. It has several built-in flashing and brightness programs. Simple and quick installation with power supply and tape using DC connector.

Functions: ON/OFF; Light intensity adjustment; flash functions, flashing frequency adjustment.

VOLTAGE	POWER	CURRENT	CONTROL	EAN
5-24 V DC	72/144W	1x6A	Radio Frequency (RF)	5901885268606

CATALOG NO.

PR-MONO-144-PPS

RF driver with a touch panel including a dedicated remote control with a handle for mono color strips. Easy installation using the PR-BOX.

Functions: ON/OFF; light intensity adjustment, 20m range, remote control battery low indicator.

VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	144/288W	1x12A	Radio Frequency (RF)	5903684853984

CATALOG NO.

PR-MONO-216-TWS

RF driver with a touch remote control for mono-color strips. It enables smooth adjustment of light brightness. It has several built-in flashing and brightness programs. Aesthetic design.

Functions: ON/OFF; Light intensity adjustment; flash functions, flashing frequency control.

VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	1x18A	Radio Frequency (RF)	5903684853892

CATALOG NO.

PR-MONO-216-TBS

RF driver for mono color strips with a touch remote control and handle. It enables smooth regulation of light brightness. Aesthetic design.

Functions: ON/OFF; Light intensity adjustment.

VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	1x18A	Radio Frequency (RF)	5903684853908

CATALOG NO.

PR-MONO-360-RF

RF driver for mono color strips with a minimalist remote control. It enables smooth adjustment of light brightness. Very high output power. Compact design.

Functions: ON/OFF; Light intensity adjustment.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	360/720W	1x30A	Radio Frequency (RF)	5903684853779

CATALOG NO.

PR-MONO-72V1

Driver for mono color strips with buttons. It allows you to adjust the light brightness. Simple and quick installation with the Desktop or Socket power supply and strip using DC connector.

Functions: ON/OFF; light intensity adjustment, 8 lighting effects.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	72/144W	1x6A	Wire	5901885266329

CATALOG NO.

PR-MONO-72V2

Driver for mono color strips with potentiometer. Housing color: white. It enables smooth adjustment of the light brightness. Simple and quick installation with the Desktop or Socket power supply and strip using DC connectors.

Functions: ON/OFF; smooth light intensity adjustment.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	72/144W	1x6A	Wire	5901885266336

CATALOG NO.

PR-MONO-72V3

Driver for mono color strips with potentiometer. Housing color: black. It enables smooth adjustment of light brightness. Simple and quick installation with the Desktop or Socket power supply and strip using DC connector.

Functions: ON/OFF; smooth light intensity adjustment.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	72/144W	1x6A	Wire	5903684851935

CATALOG NO.

PR-MONO-72TW

Touch button driver for mono color strips.
Housing color: white. It enables adjustment of the lighting brightness. Simple and quick installation with the Desktop or Socket power supply and strip using DC connectors.

Functions: ON/OFF; light intensity adjustment.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	72/144W	1x6A	Wire	5903684853878

CATALOG NO.

PR-MONO-72TB

Touch button driver for mono color strips.
Housing color: black. It allows you to adjust the brightness of lighting. Simple and quick installation with the Desktop or Socket power supply and the strip using DC connectors.

Functions: ON/OFF; light intensity adjustment.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	72/144W	1x6A	Wire	5903684853885

CATALOG NO.

PR-MONO-96-RF

Basic driver for mono color strips with minimalist radio remote control in the shape of a pendant. Simple and user-friendly. Quick assembly using clamp connectors without having to use any additional tools.

Functions: ON/OFF, smooth brightness adjustment.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	96/192W	1x8A	Radio Frequency (RF)	5902596558901

CATALOG NO.

PR-MONO-216-RF

Driver for mono color strips with black touch radio remote control.
Simple and user-friendly. Quick possibility of setting the maximum and minimum brightness of lighting.

Functions: ON/OFF, smooth adjustment of brightness.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	3x6A	Radio Frequency (RF)	5901885266350

CATALOG NO.

PR-MONO-96-WALL-P

Driver for mono color strips with potentiometer and additional infrared remote control. The driver comes with a mounting box. An additional infrared remote control makes everyday use easier.

Functions: ON/OFF; light intensity adjustment, 8 lighting effects; Quick selection of lighting brightness (25%,50%,75%,100%).

				
VOLTAGE	POWER	CURRENT	CONTROL	KOD KRESKOWY
12-24V DC	96/192W	1x8A	Infrared (IR)	5901885263632

CATALOG NO.

PR-MONO-96-WALL-W

Driver for mono color strips in the shape of a white glass panel. Easy installation using the PR-BOX. It allows individual brightness adjustment or pre-set values selection.

Functions: ON/OFF; dimming; 10 pre-set brightness levels.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	96/192W	3x4A	-	5901885265094

CATALOG NO.

PR-MONO-96-WALL-B

Driver for mono color strips in the shape of a white glass panel. Easy installation using the PR-BOX. It allows individual brightness adjustment or pre-set values selection.

Functions: ON/OFF; dimming; 10 pre-set brightness levels.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	96/192W	3x4A	-	5901885263625

CATALOG NO.

PR-CCT-96-PPS

RF driver with a touch panel and dedicated remote control to be used with strips of variable color temperature. It allows smooth adjustment of the light from warm white to cold white. Easy installation using the PR-BOX.

Functions: ON/OFF; dimming; light temperature adjustment, 2 channels, 20m range, remote control battery low indicator.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	96/192W	2x4A	Radio Frequency (RF)	5903684853991

CATALOG NO.

PR-CCT-144-T-B

RF driver with a touch panel and dedicated remote control to be used with tapes of variable color temperature. It allows smooth adjustment of the light from warm white to cold white. Easy installation using the PR-BOX.

Functions: ON/OFF; dimming; light temperature adjustment, 2 channels, 20m range, remote control battery low indicator.

PR-RGB-288-T-W

Driver for RGB strips with a radio touch remote control. The remote control comes in white color. It allows you to control the color and brightness.

Functions: ON/OFF; dimming; color change; 18 programs.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	3x6A	Radio Frequency (RF)	5901885269559

CATALOG NO.

PR-RGB-216TWS

Driver for RGB strips with radio touch remote control and handle. It allows you to control the color and brightness. It comes with a wall-mount for the remote control.

Functions: ON/OFF; dimming; color change; 18 programs.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	3x6A	Radio Frequency (RF)	5903684853915

CATALOG NO.

PR-RGB-216-T-W3

Driver for RGB strips with a radio remote control in white color. The possibility of a smooth color change using the touch wheel.

Functions: ON/OFF; dimming; color change; 18 pre-set programs, remote control battery low indicator.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	3x6A	Radio Frequency (RF)	5901885267128

CATALOG NO.

PR-RGB-216-T-B

Driver for RGB strips with radio remote control. The remote control comes in black color. It allows you to control color by using the touch wheel.

Functions: ON/OFF; dimming; color change; 18 pre-set programs, low battery indicator in the remote control.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	3x6A	Radio Frequency (RF)	5901885263731

CATALOG NO.

PR-RGB-216TBS

Driver for RGB strips with radio touch remote control in black color together with a handle. It allows you to control the color and brightness.

Functions: ON/OFF; dimming; color change; 18 programs.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
12-24V DC	216/432W	3x6A	Radio Frequency (RF)	5903684853922

CATALOG NO.

PR-RGB-216-T-B3

Driver for RGB strips with a radio remote control in black color. The possibility of a smooth change colors using the touch wheel.

Functions: ON/OFF; dimming; color change; 18 pre-set programs, low battery indicator in the remote control.

				
VOLTAGE	POWER	CURRENT	CONTROL	EAN
